Christmas:

We usually celebrate Christmas at home. We buy the Christmas-tree one day before the Christmas day.

We put some decoration on it. I start buying presents for my family and friends one month before Christmas day. Our family don't like carp, so we usually eat chicken with potatoe satat. After this dinner, we talk with each other and about 10:00 PM we go to Christmas-tree and check presents, which Ježíšek (Santa Claus) brings to us.

My CHRiStMaS

I like Christmas, but I should buy some presents, but I got presents too.

We have nice Christmas tree with a lot of Christmas decoration. We bake

Christmas sweets. My little sister think, Christmas presents give someone

like America's Santa Claus, but it's not true, presents give our parents. And

something about Christmas day; it's nice day, in morning we get up about

nine o'clock, for breakfast we have fancy bread and sweets with tea, all

right wouldn't we eat something, so that we could see gold pig, but I like

eating in Christmas day 😊. All day we watch TV and eat small slice of

bread with potatoes salad. For dinner we eat schnitzel with mashed

potatoes, it's one of my favourite food. After dinner "arrive" Santa Claus.

And we are happy...
